Field Contacts

A field contact is when an agent engages a citizen and conducts a brief interview. When an arrest does not occur as a result of a field interview, agents report the stop in a “Field Contact” report. This report documents the reason for the stop as well as identifying information about the individual. Scrutiny of these types of encounters enables law enforcement executives as well as citizens to monitor police/citizen interactions to guard against biased-based policing practices.

Any complaint alleging improper action or improper conduct by an employee, if job-related or in violation of the Standards of Conduct, other policies of the Bureau, Department of Human Resource Management, the ABC Policy and Procedures Manual, or criminal law, will generate an administrative internal investigation. There are two types of internal investigations that are conducted by the Bureau; Formal and Informal (the difference is explained below). Both types of investigations are documented and reported through the chain of command.

These inspections are overt; the agent will inspect the premises for compliance with regulatory requirements, meet with the owner or manager to review business receipts and purchasing records, review previously submitted MBARs and answer any questions business employees may have about ABC laws and requirements.
